Security Council Adoption of Resolution 2814 on Haiti sanctions 29 January 2026

Greece's Explanation of Vote delivered
by Ms. Alexandra Alexandridou, Second Secretary

Thank you, Mr. President,

Greece welcomes the adoption of Resolution 2814 and thanks the co-penholders, Panama and the United States, for their work. Greece voted in favor of the Resolution, reiterating our unwavering support to BINUH and the Special Representative of the Secretary General in Haiti.

We welcome the provisions of this Resolution on human rights, including monitoring sexual violence against women, on the justice sector and on protection advisors. We particularly appreciate the child protection provisions, including DDR and we reiterate our call for the establishment of a national institution on Disarmament, Dismantlement and Reintegration, to provide safe exit strategies, especially for children.

At the same time, we must stress the need for an inclusive political process. We, therefore, call for women's full, equal, meaningful and safe participation at all levels in the political process, as well as in the forthcoming elections.

Equally, we would like to reiterate our call to the Transitional Presidential Council to engage in constructive dialogue with all relevant stakeholders in Haiti and agree on new transitional governance arrangements by the 7th of February.

Mr. President,

We believe that BINUH's good offices, the support it provides to national authorities and the coordination with regional stakeholders, as well as with UNSOH and the GSF, can contribute significantly to the stabilization of Haiti and its smooth political transition.

We remain committed to continue cooperating with all sides and fellow Council members in order to support Haiti on this path.

I thank you.
